I am directed to invite a reference to your letter
No. 4319., dated the 2nd June 1919, forwarding estimates for
certain improvements and repairs to the buildings adjacent to
Saiyid Ibrahim's tomb at Chennabāthā. It would appear that the
works now proposed are in many details identical with those
sanctioned in this Government Proceedings No. 1625.W., dated the
3rd September 1915, a copy of which was forwarded to you with
Mr. Butterworth's letter No. 431. Political, dated the 10th
September 1915. In the absence of advices to the contrary the
Government presume that those repairs were carried out in
1915. If this was so, similar repairs would not be necessary
after so short a time. I am accordingly directed to request
that you will be so good as to move the Mysore Durbar kindly to
have the matter further examined and verified as there has
possibly been some mistake.

=====

With reference to your No.B.94 dated 4-7-1919. calling for
a report on the improvements and repairs required to the -----
buildings adjacent to Syed Ibrahim's tomb at Chennapatna. I have
the honour to state that the Executive Engineer, Bangalore ----
Division reports that the items of work provided in the repair
estimate submitted with this office No.4475 dated 19-5-1919 are
of course identical in many respects with those sanctioned and
carried out in 1915-16, for, in the nature of things the repair
works such as, whitewashing, colour washing and sundry repairs
to floors and doors carried out do not stand for any length of
time and require redoing every alternative year at least if not
year by year.

It is reported that three years have elapsed since repairs
were last carried out and there should be nothing unusual in ---
there being need for their redoing now to maintain the building
in an efficient condition especially as the doors and windows --
fixed to the building are of jungle wood and are subject to the
ravages of white ants.

The items of works provided for in the improvement estimate
submitted with my number quoted above are reported to be quite
new and do not therefore call for any remarks

Letter No. 1897-1, dated the 4th October 1919, from the Acting
Chief Secretary to the Government of Madras, Public Department
(Political), to the Hon'ble the Resident in Mysore, Bangalore.

With reference to the correspondence ending with your
letter No. 7162, dated the 17th September 1919 regarding certain
improvements and repairs to the buildings adjacent to Syed
Ibrahim's tomb at Chennapatna, I am directed to request you to
be so good as to furnish Government with information on the
following points:-

- (1) whether the buildings in question serve any really
useful public purpose.
- (2) whether they can be transferred, apart from the
tomb, to any public body for maintenance; and
- (3) if so, whether any public body of which you approve
agrees to take them over on suitable conditions.

2. From the history of the case it would appear that
the buildings were constructed with money which accumulated from a
undrawn pension between the years of 1814 and 1820 and that the
question of the annual repair of the buildings was not then con-
sidered. As the repairs in 1915 cost Rs. 1,100 and now another
estimate for Rs. 817 has been sent in, this Government is forced
to consider whether it is right that such a comparatively large
recurrence should fall upon the Revenues of this Province

Sir,

With reference to your letter No. C. 11173/P. D. 178-18-24 dated 12th January 1920 re the building adjacent to G. S. Balasubramanyam's Tomb at Channarayana, I have the honor to enclose herewith the report of the Military and Connected records in original, together with a sketch showing the position of buildings and the tomb. It will be seen that the more important buildings viz. the Masjid and Nagarabana are inseparable adjuncts of the tomb while the other structures are inferior in quality and serve the purpose of a resting place for Fakirs and quarters of the caretaker. As the locality is somewhat distant from the Town the town's people are not interested in the institution and no public body is prepared to undertake the care and maintenance of the outlying buildings. It is further ascertained that a Langarkhane and a Mussafirkhane are always kept adjacent to a tomb of the kind and the buildings may not therefore be used for any other purpose.

there is also another
building outside the

 as the buildings that are
 situated within the compound
 viz. B. C. D. E. F. G. are
 concerned, they are part
 of the Tomb and cannot
 have a separate existence
 from it. They serve all
 the purposes which the
 buildings attached to a
 Tomb are generally expected
 to do. The Nagarkhana and
 the Masjid are inseparable
 from the Tomb. The Langar-
 khana, the Musafarkhana
 and the Baudarkhana
 afford shelter, & dwelling
 to the travelling fakirs
 and the disciples of
 the deceased who are

 in the Tomb. The Mahants

Letter No.1897-1, dated the 4th October 1919, from the Acting Chief Secretary to the Government of Madras, Public Department (Political), to the Hon'ble the Resident in Mysore, Bangalore.

With reference to the correspondence ending with your letter No.7162, dated the 17th September 1919 regarding certain improvements and repairs to the buildings adjacent to Syed Ibrahim's tomb at Chennapatna, I am directed to request you to be so good as to furnish Government with information on the following points:-

- (1) Whether the buildings in question serve any really useful public purpose.
- (2) whether they can be transferred, apart from the tomb, to any public body for maintenance; and
- (3) if so, whether any public body of which you approve agree to take them over on suitable conditions.

2. From the history of the case it would appear that the buildings were constructed with money which accumulated from an undrawn pension between the years of 1814 and 1825 and that the question of the annual repair of the buildings was not then considered. As the repairs in 1915 cost Rs. 1,000/- and now another estimate for Rs. 817/- has been sent in, this Government is forced to consider whether it is right that such a comparatively large recurring charge should fall upon the Revenues of this Province.

With reference to your No.C.337/D.35-20 dated the 15th ultimo forwarding for report copy of the letter No.1897-1 of the 4th - October 1919, from the Madras Government, in connection with the buildings adjacent to Syed Ebrahim's tomb at Chennapatna, I have the honor to submit herewith, for information, the yadi No.253 dated the 10th ultimo from the Amildar Chennapatna Taluk, together with the statement obtained from one Sved Gaffur Sab. who is the present caretaker of the buildings and to state as follows:-

The present caretaker, who claims to be the descendent of Syed Ebrahim, inhabits the Gumbaz attached to the tomb and utilises it. It seems that he gets a small monthly allowance for ceremonial purposes. Besides him, Fakirs, Sadhus and other travellers going on religious tour/halt at the Gumbaz on their way.

From the caretaker's statement, it is evident that neither he nor others of his clan are willing to transfer the building to any public body for maintenance or to shift the charge from the hands of Government.

The Amildar writes that no public body in Chennapatna is willing to take over the property.

Translation of a kannada Mahazur signed by about 25 Mahommedan residents of Chennapatna, dated 29th March 1920.

With reference to the letter of the Chief Secretary to the Government of Madras in the matter of the repairs etc., to the Syed Ibrahim's Tomb at Chennapatna:-

(a) The tomb of Syed Ibrahim, a stone building, is situated in the garden of the late Syed Ibrahim. To the east and west of the Tomb are the tombs of his brothers, and in the verandah of the main tomb are those of his children. This pile of buildings is known as Syed Ibrahim's Tomb. This is also called the Gumbaz.

(b) To the south of this Gumbaz is a stone building called the Langarkhana of a dimension of 10 ankanas. Formerly when the ceremonies connected with the deceased were being celebrated, this was being used as the dining place. Now, however it is used as a resting place by Fakirs and others who visit the place.

(c) Another stone building called the Bandharkhana has always been used as a kitchen attached to the tomb.

(d) There is another building, the Musjid of about 7 ankanas; this is being used as a place for prayer.

(e) To the north of the tomb there is a brick building roofed with country tiles of about 15 ankanas called the Dewan-khana, and this is used by the descendants of Syed Ibrahim and others as a place of study of Islamic literature.

(f) There is another stone building, also to the north of the tomb of about 20 ankanas, known as the Musafarkhana. This has always been the residence of the descendants of Syed Ibrahim and at present Syed Gafoor also a descendant of Syed Ibrahim is living here.

(g) There is also another upstaired building, the Nagarkhana, with an arched door. The dimensions of both the storeys of this building being 3 ankanas. Formerly this used to be the place for keeping drumsetc., The door of this building, which

(60)

is a little to a side, is the entrance to the tomb.

Government have till now been attending to the necessary repairs to these buildings. We are of opinion that the buildings connected with this tomb cannot be given over to any public body or otherwise disposed of. Nor is any public body willing to take it up. The present arrangements have therefore to continue.

Translation of a statement made by the Secretary of the Anjumani-mahdevia of Chennapatna on 29th March 1920 before the Sheikdar of the place.

With reference to the orders of the Amildar re the repairs &c., of Syed Ibrahims Tomb. here. I beg to state that our Association has nothing to do with the Tomb. nor is it willing to take charge of the Tomb and its buildings on any conditions.

No other persons are willing, either, to take it up.

Saiyid Ibrahim's tomb at Chennapatna - improvements and repairs.
Correspondence ending with your letter No.4311, dated the
15th May 1920.

I am directed to forward to you a copy of the Proceedings of this Government No. 944-W., dated 23rd June 1920, sanctioning an expenditure of Rs.319 on certain improvements and repairs to the buildings adjacent to Saiyid Ibrahim's tomb at Chennapatna. In view of the circumstances in which the buildings round the tomb were originally constructed I am to say that the Madras Government regret their inability to expend money in future on any but the original buildings.

The estimates received with your letter No. 4319, dated 2nd June 1919 are returned.
